

# Webcasting. Now **everyone** can attend, **every time** - even when they can't.

Webcasting allows you to deliver high quality video, audio and PowerPoint presentations to anyone, anywhere. It provides all the benefits of meeting in person without the time and cost of traveling. It's a lot better for the environment, too.

## Easy, effective, affordable - but only when it's done right

Managing the webcasting process demands a broad range of expertise across a wide range of disciplines. That includes a clear understanding of event management, audiovisual staging, content delivery, web design, and much more. You have to know what you're doing. We do.

Audability has managed all types of streaming media. Our experts are well trained and experienced. We take care of everything, so you can relax and focus on your presentation.

All it takes is a computer and an internet connection, and your audience can access information anytime of the day or night. You'll work faster, and better. Your customers will be happier. And you'll reduce overhead.

Webcasting with Audability allows you to reach anyone, anytime, anywhere. **Simple**, isn't it?
